## **PROFILE**

Nice to meet you! My name is Liben Warsame and I am thrilled for you to read my resume and make a conscious decision on what you want. I can be very adaptable and responsive at times, making some people I work with rely on me on things. I quickly adapt to changing times and help others understand things that they need. So if you want someone that is hard working, quick to learn, and reliable, then I'll be that guy.

## **EXPERIENCE**

### **Tech Specialist, Apple, Bloomington, Minnesota — September 2021— February 2022**

As a Specialist, I am highly skilled at uncovering customers' needs, then following through with enlightening solutions. Not only was I the first person customers meet when they enter the store, but I'm also the person who guides them — advising, selling, and even setting up their new products. I also perform other roles within the store too, whether it's maintaining visual merchandising or assisting team members.

### **Delivery Driver, Amazon, Eagan, Minnesota — August 2020— May 2021**

I was responsible for transporting packages and other goods from Amazon to a personal or business address. This job included loading goods, using navigation tools to arrive at the right address and delivering parcels to the correct address.

### **CSP/OR Summer Intern, Fairview Health Services, Minneapolis, Minnesota — June 2017—August 2017**

I Handled and delivered sterile products and instruments to different locations which included Operating Rooms, Memorize surgical tools and where it would be, and was needed to be comfortable in the OR area as one may be required to enter an operating room while a procedure is in progress-open incision, sight of blood.

## **EDUCATION**

Concordia University, St. Paul — Exercise Science, B.S. — May 2021

## **SKILLS**

My skills are that I can speak multiple languages (Somali and English), can manage my time accordingly, was told that I have excellent customer service from a coworker, able to solve problems with ease, basic software knowledge, like Word and Excel, and, of course, having an upbeat attitude
